

ELISA YOUNG

Hi! I'm a Technical Designer with 9 years of experience in Games & Interactive taking ideas to prototype and design iterations to ship. Day to day, I find it an absolute joy to be constantly learning new things and working with people across all disciplines to make a vision into reality. ✦

I do: Storyboarding · Gameplay & scenario design · Prototyping
 Level ownership & production · Scalable systems & workflow

Experience

TECHNICAL EXPERIENCE DESIGNER @ **APPLE**

Apple Vision Pro

Jun 2022 - present

Designed and developed interactive spatial content within Vision Products Group (VPG), including the *Encounter Dinosaurs* experience for Apple Vision Pro launch

- 2024 Aixr Awards Finalist // XR Film & Experience of the Year

TECHNICAL NARRATIVE DESIGNER @ **SIE | SANTA MONICA STUDIO**

God of War: Ragnarök - PS4/PS5

Feb 2021 - May 2022

Character interactions · Dialogue systems · No-cut camera · Cinematics

Prototyped & iterated on global solutions for no-cut camera and character transitions to bring complex set pieces and cinematic setups to polish in proprietary engine

VR GAMEPLAY ENGINEER @ **WEVR**

Chaos at Hogwarts, Wizards Take Flight - VR at NYC Harry Potter store

Oct 2020 - Feb 2021

Programmed and tuned flight locomotion, spell-casting, haptics, multiplayer in UE4

Gnomes & Goblins - VR by Golem Creations

Sep 2018 - Sep 2020

Owned major sections of story flow by scripting character AI, animation, & sfx to convey narrative intent and pacing from beat to beat

Programmed gameplay systems, interactions, save-load, and custom tools in UE4

- 2021 Aixr VR Awards Finalist // VR Game of the Year

The Blu: Deep Rescue - VR at Dreamscape

Dec 2017 - Aug 2018

Programmed gameplay systems, integrated assets, and built custom tools in Unity
Handled Dreamscape platform SDK, multiplayer, haptics & audio on stage

- 2020 Aixr VR Awards Finalist // Out-of-home VR Entertainment of the Year
